

## LETTERING & FONTS

Adding words and letters to your SC Wake SeaDek is a fun way to add uniqueness and character to your water or land craft. We're happy to work with you to personalize your project. Your Sales Representative will provide details as pricing can fluctuate.

A few considerations:

- Some fonts will not cut properly due to length, width, and/or height. We will work with you to find the right font for your SC Wake SeaDek project.
- Depending on the length and size, it may be necessary to use more than one line.
- You can request a font not shown. SC Wake designers will help you find a custom font that you'll be happy with. There may be an additional fee for custom fonts (\$50+) though cost can fluctuate.

### STANDARD FONTS // \$50

---
